## 26 OCTOBER 2017 - ALUMNI PANEL DISCUSSION

### 7 Alumni Already Signed UP!!

The UNC NROTC Alumni Association has been invited to join the Midshipman Battalion on Thursday Afternoon, 26 October 2017 to participate in our second panel discussion. Our first Panel Discussion was last Spring. It was attended by **28 Alumni** and it was a **HUGE success!** This is an interactive event with alumni sharing stories and experiences while responding to questions from the audience of Midshipmen and Staff. All alumni are welcome to participate.

If there is sufficient interest a telephone dial-in capability may be possible. If interested, please register and ask for this feature.

This FALL's Panel will focus on these 5 themes:

1. How to instill motivation/enthusiasm
2. Navigating team growth. How do you take a new team and make them a well-oiled machine, the ups and downs.
3. Female experiences
4. Tough moral and ethical decisions and why you did what you did
5. What is the purpose of the little things

Following the Lab session, we will adjourn to a social/dinner venue nearby where the interaction with the Midshipmen can continue.

**World War II Lecture Series starts today ;  
Thursday 28 September 2017, Alumni Invited!**

The UNC NROTC Alumni Association is excited to announce **Part 1** of a potential

**8 part seminar series facilitated by our own CDR Rob Rivers, USN (Ret), Class of 1973. CDR Rivers' seminars will focus on World War II in the Pacific.**

- **Seminar 1 - The Road to War in the Pacific (28 Sept 2017, 1700)**

CDR Rivers will delve into the historic events as well as the political and military leadership exercised throughout the war. It promises to be a fascinating series.

All UNC NROTC Alumni are invited to attend the lectures and may register [here](#). The seminars will be held 1700 at the Naval Armory on Campus. A pizza dinner will be served concurrently with the lectures. The seminars are free, however advance registration is required to assure enough seats are available.

Interested alumni may donate to the pizza fund by sending contributions directly to the Department of Naval Science using the link to the right. A donation in any amount is greatly appreciated, and a \$200.00 donation will sponsor food for an entire lecture.

Select "**Naval Sciences (NROTC) (101487)**" from the "Search all available funds" block on the link to make sure your contribution gets to the right place.

Sponsor pizza for the lecture series: donate to the Department of Naval Science
