The value proposition: why pay dues?

Your dues pays for the Association to maintain the UNC NROTC Alumni database, communicate with you through News Bulletins, maintain our website content, organize the Annual Meeting and Reunion, and enables the Awards, Scholarships, and the Dawson Library programs (some of which have their own endowments). Much of the website content is available only to paid members.

The Association is a North Carolina Corporation, recognized as a charitable and educational non-profit under IRS code section 501[c]3. Dues are tax deductible to the extent permitted by law, please consult your tax advisor. If not already a member, PLEASE JOIN US!

Why doesn't my website logon work?

So after the last bulletin, you tried your old website logon to update your contact info just as we asked and it didn't work. Why?

- the website resets on 2 January of each year and permits member-only content to those whose dues are paid current. If your access doesn't work, it may be because your dues aren't paid for the year yet. Website access is usually restored within one business day of membership renewal.
- Last year the Association upgraded user names to use e-mail addresses, and likewise increased password complexity. If your username / password combination is not working, please contact the Secretary for a re-set.
- We are hoping to enable a feature later this year which will allow updating of contact information while maintaining segregation of paid member-only content. Stay tuned for details.
