MEMBERS: Introducing the Association's new website and data management system

Just in time for our annual meeting **we have rolled out the Association's new website and data management system.** The system powered by Wild Apricot, allows the Association to integrate and modernize functions that had been previously provided by a

hodgepodge of systems that did not communicate well with one another. The new system includes a modernized website, member and financial management, and mass E-mail communication features. Please login and give it a test drive (uncnrotcaa.org) – you will be required to reset your password to gain access. If you have any problem with the new system, contact secretary@uncnrotcaa.org

FOOTBALL FANS: Information about your tickets!!!!!!

For those Alumni that purchased football tickets through the GAA registration system: the UNC ticket office sent an email to you with instructions on how those tickets will be electronically transferred to you. Please contact the UNC Ticket office (Jean Service 919-962-7054 or email: jean_service@unc.edu) if you are having trouble accessing your tickets.

Anyone still needing tickets in the NROTC block please email Pat Connelly at flierpat@yahoo.com.

See all you Tarheels very soon! Go Heels! We can't wait to see our Navy and Marine Friends & Families!

Please send your comments or announcements to secretary@uncnrotcaa.org.
